Of course, you also get the "exposure" matches promise, even though obviously your company rocks and doesn't need it, we get that. But we still wanna give you shout outs!

- » Social Media coverage, ad share and links to sponsor's web & social media, whatever is requested.
- » Coverage in video content, graphics, live stream content.
- » Banners around the range

## SIDE MATCH SPONSOR

Get your product directly into the hands of consumers.

This sponsorship can be customized. An ideal side match would include provided firearms for competitors to be able to shoot the fun/side match as well as items for the prize table, but a setup can be customized for your company.

This could work for a suppressor company to have competitors demo product, or a gun company or ammunition manufacturer, or the like. We can maybe involve a charity and make it a shoot off, etc. Possibilities are endless.

Send us your ideas and get a chance to run the side match to have the most face-to-face time with the shooters.

## LOGO ON SWAG DEADLINE: July 12!

Get your logo on the gun mats, shirts, bags, microfibers, and a bunch of other sweet paraphernalia. Let us know by July 12 if you are wanting to partner up.
